

We offer more than lumber sales... leave the cutting and delivery to us!

Corbels, Milling & Lumber Cut to Size...

Visit our Display Gallery to see 12 full-sized standard corbel patterns.

Leave the dust to us! One of our yard services includes cutting your Mead Clark lumber purchases to size. From custom corbels to fence packages, room additions to decks — you give us the sizes and we'll cut the lumber to your specifications — PLUS, with our fleet of delivery trucks, we can deliver it right to your home or jobsite. Call us for details and pricing on our cutting, milling and delivery services.

As the largest, most complete, full service, lumberyard in Sonoma County we are pleased to offer professional milling services including plywood ripping and cross-cutting. We also resaw lumber to size from 2x4 to 6x12, and can texture, centerline, and chamfer. We do our best to make your projects a little easier...

Our fleet of delivery trucks deliver all over the North Bay!

It's amazing what a simple notch can communicate. In a connector, notched detailing creates the look and feel of a rugged cabin or backcountry ski lodge. Used with heavy timbers and beams, these

connectors have an antique quality that's immediately reminiscent of the simplicity and strength historically associated with the American Frontier. Textured powder-coated flat black paint. Nuts & bolts not included.
