DECKING

**Trex Transcend Decking -
The Good Life is way better.**

Unless you call an occasional cleaning with soap and water "work," get ready for hassle-free, carpe-diem outdoor living, complements of the virtually indestructible Transcend shell, which protects the exposed surfaces and requires no sanding, no staining and no painting. Trex stands behind the beauty and durability of Transcend Decking so loyally; they now offer a 25-Year Limited Stain and Fade Warranty - a guarantee frankly unheard of with any other kind of decking.

RAILING

**A Trex Deck is not complete
without Trex Railing.**

The two go hand-in-hand, working as a team to create your perfect outdoor experience. Railing brings more colors, styles and shapes to a deck's overall look - opening up even more design possibilities while bringing the same durability, strength and timeless beauty of Trex Decking.

FENCING

Trex Surroundings® Fencing

Trex Surroundings is a durable 6' picket-style fencing that comes in a rich, warm finish. Surroundings is the easiest fencing line to install. Surroundings takes detail to a whole new level by featuring a hidden bracket system that eliminates fading and rusting of hardware. Surroundings also offers the ability to construct privacy or semi-privacy configurations, so like all Trex products, the design options are endless and require minimal effort to maintain.
