MUST HAVE TOOLS FOR YOUR UPCOMING SIDING PROJECTS!

**PacTool Steelhead
Snapper Shear** #890402

WAS \$294⁹⁹
NOW
\$259⁹⁹

The PacTool SS404 Snapper Shear fiber cement siding shear combines our famous precision-machined cutting head with a powerful 1/2 inch drive motor. Geared toward the professional, the Snapper Shear SS404 effortlessly powers through fiber-cement siding for fast clean cuts with minimal airborne dust. Designed specifically for 5/16 inch fiber cement siding cutting, the solid steel blades are reversible and fully replaceable. Expected life before replacement is 20,000 linear feet, roughly 15 average houses when used appropriately. The Snapper Shear design actually shears the cement siding rather than cutting it, resulting in an OSHA compatible jobsite, less mess, minimal airborne dust and faster clean-up. This is a corded, 110 volt tool and, when used along with PacTool's patented Gecko Gauges, is a fast, efficient way to install fiber cement siding.

**Norske Fiber
Cement Shears**
#644044

**10%
OFF**

Cuts a variety of material, including laminate flooring, fiber cement board (Hardie Plank®, Cemiplank®), engineered wood and vinyl siding up to 13" wide and 19/32" thick.
